### **ADOPTION OF PREVIOUS MINUTES:-**

The previous minutes were accepted and duly signed as a true record.

### **ANY MATTERS ARISING:-**

The new back door leading to the car park is now in situ and looks very good. The bar is now separately alarmed, the doors being on a secondary alarm. The outside decorations have now been completed and paid for. The necessary forms for the felling of the two cherry trees are being completed for submission to the Council.

### **CORRESPONDENCE:-**

A suggestion was received regarding the possibility of having a lotto machine in the club, the committee thought this a good idea in principle and Rod will investigate this. The request for bar stools in the lounge was discussed. The committee will not agree to this as it was felt there is not enough space at the bar and there is more than adequate seating in this particular area. If on a quiet night, one person wished to sit at the lounge bar on a stool, we felt sure that Willie wouldn't object to a stool being moved from the Games room, providing it was returned by the person when he left. A note was received referring to the jugs for beer, as mentioned in our August minutes the jugs are available, one just has to ask the person behind the bar. Hopefully these can be displayed on the bar somewhere so that they are more obvious to customers. Regarding the suggestion for some different lagers. Unfortunately our suppliers do not offer a vast variety of lagers and alternatives are just not cost effective. However the bar committee continue to review the situation and bear these suggestions in mind. With regard to the note on children, we

wish to point out that letters have been sent to the people concerned who know the committee's decision and there is a print out displayed in both bars regarding the appropriate behaviour.

**FINANCE:-**

Rod's estimate of £140 plus VAT was accepted for the pipe work for the proposed new water main and it was unanimously agreed that work should commence as soon as possible with a workforce of volunteers to do the digging. Rod has also acquired the Christmas lights for the outside of the club and has a volunteer to help him put them up.

**ENTERTAINMENTS:-**

Firstly we need to thank the people responsible for the food at the penultimate function, David Dean, who stood in when our usual ladies could not help. The quiz night was successful, well attended and a very enjoyable evening, The raffle was also well supported and it was also noted that the children were well behaved. Thanks to the ladies for the lovely food supplied as always. All in all, a good evening.

The next function is Tony Lee, singer, on 18<sup>th</sup> October

**CLUB GAMES:-**

**ANY OTHER BUSINESS:-**

We have the opportunity to obtain a computer for approximately £60 and it was agreed that this would probably be taken on board, but would be investigated further and subsequently reported upon.
